Walking/Bike Path Safety

The weather is getting warmer and more residents are active outdoors. You may have noticed we have a walking/bike path along Weatherly Club Drive. Here are some tips on keeping safe while using this path:

- Walk Facing Traffic – this gives you the best chance to see oncoming traffic
- Cross Safely – Look both ways before crossing any street
- Be Visible – Wear bright colors during the daytime and light colored clothing, reflective clothing or reflective vest in the evening hours
- Keep the Volume Down – Keep the volume at a level you can still hear warnings from other walkers, bikers and/or vehicles
- Hang Up and Walk – Chatting on a cell phone could distract you and not be as aware of your environment.
- Walk Dogs on Short Leashes – Avoid tragedies of dogs running out into traffic or getting into fights with other dogs while walking

Don't throw away that old computer!

E-cycle it!

Too many electronics end up in the landfill, and this is your chance to clean out your house and help the environment at the same time! Bring them to the Alabaster E-Cycle Day. April 20th 9:00 AM-3:00 PM
